FIRST OFFICE ACTION --- AN EX PARTE QUAYLE ACTION

1. All claims are allowable except the following amendments are required:

Claim 8, lines 1-2, the phrase "said direct current" lacks proper antecedent basis. The phrase should be changed to --said direct current power--.

Claim 24, line 1, the preamble "A charging system" is inconsistent with the preamble of claim 18. The preamble should be changed to --A flywheel uninterruptible power source--.

Claim 25, lines 1-2, the phrase "said flywheel power system" lacks antecedent basis. Which system is a "flywheel power system" is unclear because claim 18 only defines a "bearing system" and a "charging system". Applicant may amend by changing "said flywheel power system" to --said flywheel--.

2. The claims are allowable because no prior art teaches a "switching regulation" as claimed. The switching regulation is shown in applicant's Fig. 3, the switching triac 46, for example.

3. This application is in condition for allowance except for the following formal matters: see paragraph 1 above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

5. Any inquiry concerning this communication should be directed to Bentsu Ro at telephone number (703) 308-3656.
